

Hope in Uganda June 2010 "The First 8 Months"

It has been great spending time with family, friends, and supporters! Being able to share what is going on in Uganda first hand really is an amazing thing!

While home, I am visiting a lot one on one with supporters as well as speaking at a lot of churches, organizations, schools and such. It really is a neat experience. I have to say I enjoy speaking in front of groups. :)

But during this, I have to say that it has been an interesting way to keep my eyes focused on Christ and truly understand that "home" really will never be here or in Ug—it is the eternity focus of heaven, being with my God. WHOOT HOOT! That excites me AND has helped me stay minded on the LORD and "preaching the gospel, in season and out of season; rebuke, correct and encourage with great patience and careful instruction." 2 Timothy 4:2.

I am also raising funds for particular projects namely self-sustainable projects for the people of Tegot: oxen, plows, seeds, land to plant, agriculture center, mill, etc. All really neat. I mean for \$275 a community can get an ox and plow and be able to do their digging more efficiently AND minister to other families. \$20 gets a goat, \$5 a chicken, \$20 a hut...and it goes on. I would love to tell you more!!

Please remember to check out my blog and enjoy the summer!! Thank you so much for all of your love, support and prayers!!! It means so much to me!!!

"I will very gladly spend and be spent for you;"
2 Corinthians 12:15
